Is Your Diabetes Keeping You From Gliding Through Life?

If you are:

- between 18 – 75 years and have Type 2 Diabetes
 - on a stable dose of at least two and up to three oral diabetic medications
 - have a hemoglobin A1c between 7.5-11%
- Other eligibility criteria apply.

Consider enrolling in a Research Study for Type 2 Diabetes.

Qualified participants will receive study-related care, study medication at no cost and reimbursement for time and participation.
